Terms:

Subject to the terms and conditions of this Warranty, Westlake Royal Building Products (herein Westlake Royal) warrants to the Homeowner that its Atlas™ Stone products ("Products") are free from manufacturing defects in material and workmanship if installed according to our installation instructions, and will not rot, peel, flake, corrode, blister, split, chip, fade excessively or fade unevenly when exposed evenly. While you own your home, this Warranty will remain in effect for your lifetime. It may be transferred once to a subsequent Homeowner as set forth below. Westlake Royal reserves the right to discontinue, modify, or otherwise alter any of its Products, including color, without prior notice.

This Warranty is made exclusively and specifically to the person(s) who both owns and continuously resides in the home on which the Products are installed (herein "Homeowner") if that person is the original purchaser of Westlake Royal's Product(s) covered under this warranty. This warranty is also made to a Homeowner who purchases a newly constructed residence on which the Product is installed directly from the builder.

Where Westlake Royal's Product(s) are installed on a structure (i) not occupied exclusively by the Homeowner (including his or her immediate family), (ii) used for income producing purposes, or (iii) used in a public or semi-public application, such as (but not limited to) a condominium, apartment building, house of worship, school, medical facility, senior living facility, government building, hotel, etc., then the warranty is made solely to the original owner of the structure ("Commercial Owner") and is not transferable. The term of the Commercial Owner's warranty is 50 years, prorated below.

If Westlake Royal determines at its sole discretion, that its Product(s) have a manufacturing defect covered under the Terms of this Warranty, Westlake Royal will at its option, either (1) refund the purchase price of the material and the cost of original labor paid to install Product(s), (2) pay to repair, replace, refinish, or coat any Product it determines has a manufacturing defect including the cost of labor not in excess of the original cost of installation. In the event of repair, replacement, refinishing, or coating, the warranty applicable to the original Product(s) shall apply to the repaired, replaced, refinished, or coated Product and will extend for the balance of the original term of the warranty period. These remedies are the sole remedies for any defect to the Product.

Limitations:

Westlake Royal's warranty does not provide protection against any damage caused by events beyond normal weathering conditions (defined below), including but not limited to:

- Misuse, negligence, or improper installation
- Failure to provide reasonable maintenance to prevent accumulation of dirt, mildew, staining materials, pollution, exposure to chemical products, or incompatible cleaners

- Alterations like applying incompatible coatings, stains, or varnishes (see the technical information for compatible coatings if any)
- Improper handling or storage
- Defects in the wall structure (materials or construction) on which Westlake Royal's products are installed which cause failure, such as movement, cracking or settling of the wall, foundation, or building
- Deformation caused by high heat sources including but not limited to grills, fire pits, foil sheathing, low e-glass windows, and low e-glass doors
- Damage caused by animals or insects
- Impact of foreign objects, hail, lightning, fire, hurricane, tornadoes, or other Acts of God
- Vandalism, intentional damage, riot, or insurrection

"Normal Weathering" is defined as exposure to ultraviolet sunlight and extremes of weather and atmosphere, which will cause any colored or painted surface to fade, darken, chalk or acquire a surface accumulation of dirt or stains. The severity of these conditions depends on air quality, the geographic location of the property and other local conditions over which Westlake Royal has no control. Westlake Royal shall determine, at its discretion, whether the siding is suffering from abnormal weathering (which is not covered by warranty). This conclusion shall be based on whether the product(s) evidence a change in color in excess of the Hunter Units as calculated according to ASTM D2244, as outlined in the chart herein. Product(s) must have been exposed to the same weathering conditions and not partially covered by other materials such as shutters, awnings, porticos, or other materials.

| Atlas™ Stone | 7 | 7 | 0-4 Yrs = 100% |
